RM325,000+

Tax & Zakat Contribution

Built from real business. Designed for intelligent operations.

INTELLIGENCE
FOR A STRONGER MALAYSIA

NeuralOps Architecture

Use the right technology for the right task.

Advanced AI only when
advanced intelligence
is required.

AI Architecture

Financial Processing

API Integration

Workflow Automation

Private LLM

REAL OPERATIONS
REAL IMPACT

NeuralOps Solutions

One architecture. Multiple business applications.

Bank Recompiler

Financial data
processing

Financial Statement Engine

Automated financial
structuring

Modular AI Agents

Business workflow
automation

Smarter architecture.
Less unnecessary AI.

KEY ADVANTAGES

90%+

Lower Internal
Token Usage

Lower Cost

Less AI
Processing

Lower GPU Usage

Efficient
Workloads

Lower Hallucination

Independent
Validation

Private & Local

Sovereign
Deployment

ESG Oriented

Lower Infrastructure
Impact

Impact & Sovereignty

Real Impact. A More Sustainable AI Future.

MEASURABLE IMPACT

90%+

Lower Internal
Token Usage

60-70%

Lower Electricity
& GPU Usage

60-70%

Lower Cooling
Water Usage

Up to 90%

Lower Carbon
Footprint

Better Architecture. Lower Impact. Stronger Sovereignty.

SOVEREIGN AI INFRASTRUCTURE

Business Data

Your data, your control

NeuralOps

Intelligent processing

Controlled Processing

Right model, right task

Independent Validation

Trusted and accurate output

Secure Output

Ready for your operations

Private Cloud

On-Premise

National Cloud

SOVEREIGN AI
FOR A SUSTAINABLE
TOMORROW
